ADDITIONAL INFORMATION			
<p>Throughout the time I have played softball I have learned to love the game, and have grown to learn a lot about myself. Not only have I learned that I have a great work ethic but that I can achieve anything that I want if I work and apply myself. I hope to continue playing softball for not only the rest of high school but truly want to continue playing the sport I love throughout college. I hope to attend a college that I can play the game I love and achieve my degree to become a Pediatric Dentist.</p>
