Major Interests: Civil Engineering											
ADDITIONAL INFORMATION											
Growing up around softball made it a part of my identity. I love playing the game. I am always there for my teammates and will always pick a player up when they are down on themselves. I am a very coachable player and am always seeking ways to become better. I will always give my very best on the field. After high school, I am looking to continue my softball career and become a big contributor to my next softball family. Thank you for coming out and for your time and consideration.
